Work experience

Nov 2022 – Present   Gurugram
Senior Graphic Designer
SingleInterface

Showcasing my creativity across multiple disciplines, I excel in UI design, graphic design, motion design & video editing. My diverse portfolio features intricate illustrations, engaging Lottie animations, user-friendly interfaces, and compelling social media campaigns, all crafted to captivate audiences & enhance user experiences.

Feb 2021 – Oct 2022   Jaipur | Goa
Senior Graphic Designer
XpertNet Technologies

With expertise as a Senior Graphic Designer & Front-End WordPress/Shopify Developer, I collaborated with clients to create custom illustrations, designs & implemented ad campaigns, and crafted engaging social media posts that resonate with their audience & elevate their brand presence.

Jun 2017 – Feb 2021   Jaipur
Brand Designer & Manager
Herboage

Worked extensively as a Design Brand Manager & WordPress Dev, where I played a key role in creating cohesive brand identities and building a strong social media presence. My responsibilities included developing fully customised websites using WordPress CMS, as well as managing & optimising retail listings to boost online visibility and drive engagement.

Jun 2017 – Feb 2021   Jaipur | Gurugram
Senior Process Associate
Genpact

This experience significantly improved my communication skills & provided me with a deeper understanding of leadership principles, hardware connectivity, and foundational ethics. It was an invaluable opportunity to grow both personally & professionally, equipping me with essential skills for future success.
